# TECHNICAL BULLETIN

## LB-18-07A

---

### LeakBarrier® EasyLay UDL Underlayment Exposure Times

This bulletin is to state Tarco's position on the exposure times for its LeakBarrier EasyLay UDL synthetic underlayment line of products. This technical bulletin is effective July 20, 2018. Following are the exposure times.

- EasyLay UDL 10 - 30 days
- EasyLay UDL 15 - 90 days
- EasyLay UDL Basic- 90 days
- EasyLay UDL 50 - 180 days

The information contained in this technical bulletin supersedes any other published information including, but not limited to, product data sheet, packaging, web pages, installation instructions, sample cards, sales and marketing literature, etc.

If you have any questions or require additional information, please contact your local Tarco Sales Representative or email us at [tarco@tarcoroofing.com](mailto:tarco@tarcoroofing.com)
