SECTION 1 – PRODUCT AND COMPANY IDENTIFICATION

MATERIAL NAME: Asphalt Rolled Roofing
SDS NUMBER: 201
PRODUCT DESCRIPTION: Asphalt Saturated Fiberglass Reinforced Granular Surfaced Cap Sheet
CHEMICAL FAMILY: Mixture
PRODUCT USE: Weatherproofing
TRADE NAME (S): Fiberglass Mineral Surfaced Roll Roofing
MANUFACTURER: Tarco
One Information Way
Suite 225
Little Rock, AR 72202
United States
www.tarcoroofing.com
tarco@tarcoroofing.com

TELEPHONE (TECHNICAL) (800) 365-4506 (8:00 AM – 5:00 PM - US Central Time) Monday - Friday
TELEPHONE (EMERGENCY) (800) 424-9300 (Chemtrec, in English)

SECTION 2 – HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:
Overview All components listed for this product are bound within the product. When handled as intended and under normal conditions of use, the product listed in this SDS is not expected to pose a physical hazard or health risk to humans. This product does not contain any form of asbestos materials.
Prevention Avoid breathing dust, fumes, gas, mist, vapors, and/or spray.
Storage/Disposal Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.
Route of Exposure Inhalation, Skin, Eye, Ingestion

POTENTIAL HEALTH EFFECTS:
Inhalation Not expected under normal conditions of use. However, extreme exposures to dust and fumes may cause upper respiratory irritation.
Skin Not expected under normal conditions of use. Repeated contact may cause skin irritation due to roughness of product. Redness, drying and cracking of the skin (dermatitis) may occur following prolonged and repeated contact. Prolonged or repeated skin contact could result in absorption of hazardous components.
Ingestion Not intended to be ingested (eaten). If ingested, it may cause temporary irritation to the gastrointestinal (digestive) tract.
Eyes Not expected under normal conditions of use. If dust enters eye, may cause irritation resulting in tearing, stinging, redness or swelling.
Carcinogenicity When used under normal conditions, this product is not considered a carcinogen.

SECTION 4 – FIRST AID MEASURES

INHALATION
Exposure to fumes, vapors, or mists may cause irritation of the nose and throat. Drink water to clear throat or blow nose to clear. Use of product in properly ventilated areas is not expected to cause adverse effects. Remove to fresh, uncontaminated air. Give artificial respiration and/or oxygen by trained personnel, if necessary and get immediate medical attention.

SKIN
Remove contaminated clothing and wash exposed skin with soap and water. If irritation develops or persists, seek medical attention. If contacted by hot asphalt, cool with ice or water; do not attempt to remove the asphalt material immediately; seek medical attention.

INGESTION
If product is ingested, do not induce vomiting. If vomiting occurs, keep head lower than hips to avoid aspiration of vomit into the lungs, which can cause inflammation or pneumonitis. Get immediate medical attention.

EYES
If material comes into contact with the eyes, immediately flush with plenty of cool water for at least 20 minutes preferably at an eye wash fountain or until irritation subsides, occasionally lifting the eye lids to ensure thorough rinsing. If irritation develops or persists, seek medical attention.

NOTES TO PHYSICIANS/FIRST AID PROVIDERS
Treatment must be based on removing the source of irritation with treatment of symptoms as necessary. Water-Jel products have been shown to be effective in removing asphalt.
## SECTION 5 – FIRE FIGHTING MEASURES

<table>
<thead>

<td>FIRE FIGHTING-PROCEDURES</td>
<td>Combustible. Avoid breathing fumes. Use extinguishing measures that are appropriate to local circumstances and surrounding environment.</td>
</tr>
<tr>
<td>FIRE FIGHTER PROTECTION</td>
<td>Firefighters should not enter confined space without wearing NIOSH-approved self-contained breathing apparatus with full face mask and protective equipment.</td>
</tr>
<tr>
<td>UNUSUAL FIRE AND EXPLOSION HAZARDS</td>
<td>When heated, fumes may burn if ignition source is provided. Burning the products will yield thick, black smoke. Petroleum asphalt fumes can explode if emitted in an enclosed environment and supplied with an ignition source.</td>
</tr>
</tbody>
</table>

## SECTION 6 – ACCIDENTAL RELEASE MEASURES

| PERSONAL PRECAUTIONS | Not applicable |
| EMERGENCY PROCEDURES | Not applicable |
| ENVIRONMENTAL-PRECAUTIONS | No data available |
| CLEAN-UP PROCEDURES | Pick up large pieces. Vacuum dust. If sweeping is necessary, avoid creating dusts by using a dust suppressant such as water. This will help to minimize potential exposures. |
| WASTE DISPOSAL METHOD | Scoop up material and dispose in accordance with Federal, State, and local regulations. Do not burn. |

## SECTION 7 – HANDLING AND STORAGE

| HANDLING PROCEDURES | Use this product with adequate ventilation. When handling uncontained material, use personal protective equipment as described in Section 8 of this SDS. |
| STORAGE PROCEDURES | Store material in accordance with instructions on the product packaging, if any. Material should be kept clean, dry, and in original packaging. Keep this product away from heat, sparks, ignition sources, and open flames in accordance with applicable laws and regulations. |
| SPECIAL PACKAGING-MATERIALS | No data available |
| INCOMPATIBLE MATERIALS | This product will react with strong oxidizing agents, reducing agents, strong acids and alkalis. |
| OTHER PRECAUTIONS | Do not breathe dusts or fumes generated from cutting or heating this material. Comply with OSHA and other safety standards and codes for roof work. Always use Fall Protection Systems when working on roofs. Product may be slippery when wet, dusty or covered with water, ice, dew, frost, or snow. |

## SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

**PERSONAL PROTECTIVE EQUIPMENT:**

**RESPIRATORY-PROTECTION**

Not needed under normal use conditions. If exposure limits are exceeded, use a NIOSH
approved respirator. Follow all applicable respirator use, fitting, and training standards and regulations.

**EYES/FACE PROTECTION**

Safety glasses with side shields are recommended.

**HANDS PROTECTION**

Leather or cotton gloves recommended when handling to protect against mechanical abrasion. Promptly clean hands with waterless hand cleaner, clean fingernails and wash with soap and water after handling.

**SKIN/BODY PROTECTION**

Normal work clothing (long sleeved shirts, long pants, and non-skid shoes or boots with 6-inch leather uppers) is recommended during application and/or tear-off activities.

**OTHER PROTECTIVE-EQUIPMENT**

Should be provided as necessary to prevent irritation of the throat, eyes, and skin and to keep exposures below the applicable exposure limits identified in this section.

**WORK HYGIENE-PRACTICES**

Use good industrial hygiene practices when handling the material. Wash exposed skin prior to eating, drinking or smoking and at the end of the shift. Wash work clothes separately from other clothing.

**EXPOSURE GUIDELINES**

Handle using methods and techniques that minimize dust or fume generation.

**ENGINEERING CONTROLS/VENTILATION**

Not needed under normal conditions of use.

**SECTION 10 – STABILITY AND REACTIVITY**

**THERMAL STABILITY**
Stable under normal conditions of use.

**HAZARDOUS-DECOMPOSITION**
Upon decomposition this product may form carbon dioxide, carbon monoxide, oxides of sulfur and various hydrocarbons during heating or burning.

**HAZARDOUS-POLYMERIZATION**
Will not occur.

**CONDITIONS TO AVOID**
Keep this product away from heat, sparks, ignition sources, and open flames in accordance with applicable laws and regulations.

**INCOMPATIBLE MATERIALS**
This product will react with strong acids and alkalis, strong oxidizing agents, reducing agents, and selected amines.

**SECTION 11 – TOXICOLOGICAL INFORMATION**

**ACUTE EFFECTS**
Repeated contact may cause skin irritation due to roughness of product. If dust enters eye, may cause irritation resulting in tearing, stinging, redness or swelling. Inhalation of dust, fumes and/or vapor may cause scratchy throat and/or slight coughing. If ingested, it may cause temporary irritation to the gastrointestinal (digestive) tract.

**CHRONIC EFFECTS**
Redness, drying and cracking of the skin (dermatitis) may occur in the case of prolonged and repeated contact. Extreme exposures to fumes may cause upper respiratory irritation. Silicosis (Pulmonary Fibrosis or severe lung scarring) may occur if exposed to high levels of repeated encounters with dust.

**COMPONENT ANALYSIS**

**Oxidized Asphalt**
(CAS Number: 64742-93-4)
Occupational exposures to oxidized asphalt and its emissions during roofing have been determined by the International Agency for Research on Cancer (IARC) as ‘probably carcinogenic to humans’.

**Continuous Filament Glass Fiber**
(CAS Number: 65997-17-3)
The International Agency for Research on Cancer (IARC) has classified continuous filament glass fiber as a Group 3 substance, not classifiable as to its carcinogenicity to humans. Because of the large diameter of continuous filament fibers, these products are not considered respirable.

**Crystalline Silica**
(CAS Number: 14808-60-7)
IARC has determined that respirable crystalline silica is carcinogenic to humans (Group 1), based on findings of sufficient evidence of carcinogenicity in both humans and experimental animals.
SECTION 12 – ECOLOGICAL INFORMATION

ECOTOXICITY
No data available for this product

PERSISTENCE/
DEGRADABILITY
No data available for this product

BIOACCUMULATION-
POTENTIAL
No data available for this product

MOBILITY IN SOIL
No data available for this product

OTHER ADVERSE EFFECTS-
(GHG, OZONE)
No data available for this product

SECTION 13 – DISPOSAL CONSIDERATIONS

PRODUCT INFORMATION
This product, as supplied, is not expected to be a hazardous waste when it is disposed of according to the U.S. Environmental Protection Agency (EPA) under Resource Conservation and Recovery Act (RCRA) regulations.

DISPOSAL INSTRUCTIONS
Dispose of waste material in accordance with Federal, State, and Local environmental regulations.

RCRA CLASS
None

SECTION 14 – TRANSPORT INFORMATION

U. S. DEPARTMENT OF TRANSPORTATION
Proper Shipping Name N/A
Hazard Class N/A
ID Number N/A
Packing Group N/A
Label Statement N/A
Other N/A

INTERNATIONAL TRANSPORT REGULATIONS:
This product is not classified as dangerous goods according to international transport regulations.

UN Number N/A
UN Proper Shipping Name N/A
Packing Group N/A
