TECHNICAL BULLETIN

LB-08-09A-R2

EasyLay® - Application Update

This bulletin revises Tarco's specification with respect to securing LeakBarrier® EasyLay HPP Asphalt Saturated Underlayment using tin cap fasteners. This technical bulletin is effective **November 27, 2011**.

When EasyLay is secured with tin cap fasteners, the material shall be covered immediately with an approved underlayment or a suitable roof covering such as shingle, tile, metal, etc.

If EasyLay published installation instructions and the above guidelines are not strictly followed, Tarco will not be responsible for the product performance.

If you have any questions or require additional information, please contact your local Tarco Sales Representative or email Tarco Technical Services at technicalservice@tarcoroofing.com
